

Grease Slinger Cycles Anniversary Party

Grease Slinger Cycles hosted its 1st Anniversary & Customer Appreciation Party on Sunday September 28; to thank all of their customers who have supported them in their first year of business. The celebration ran from 2-8pm. There was steady traffic throughout the day. Owner Cliff Noble commented that he was pleased with the turnout.

The day's beneficiary was Pittie Me Rescue. At their booth there were fundraising raffles plus several adoptable dogs in attendance. Cliff let us know afterwards that just over \$600 for PMR was collected during the event. Pittie Me Rescue is a non-profit, volunteer based dog rescue, dedicated to saving the lives of homeless animals in our community. They primarily rescue dogs from local county shelters, local streets, and neglectful situations. PMR is a network of volunteers and advocates for the pit bull breed and rescue animals in general. Visit Pittie Me Rescue online at www.pittiemerescue.org or on FB at /PittieMeRescue.

Vendors included Custom Pin Up Designs, with jewelry & accessories by artist Melissa Rae; Black Eyed Saint apparel, promoting their "Phx Ain't Easy" line; Dusty Rags & Dirty Rotten

Cycle Trailers; Herrera's Custom Window Decals & Glass Etching; Streets & Avenues Clothing; Rodriguez Photography; and an HAMC support booth.

The afternoon band was 'Crystal Haze; with 'The Recalls' playing into the evening. Food was cooked up by Smokin' Kelley's BBQ, offering a pulled pork lunch. There was a Hawaiian Shave Ice booth for a sweet treat. A bounce house was set up for the kids.

The Veteran's Giveaway Bike, built by Grease Slinger Cycles, was on display. That presentation will take place the week-end before Veterans Day; at Motorcycles on Main, the evening of November 7th. We'll be sharing the name of the lucky recipient as soon as we know.

Custom trophies for the Bike & Car Show were created by Cliff and Josh. GearheadLife Net put together the Car Show. We counted 15+ cars on display. They had about 8 bikes enter into the show. The People's Choice for the bike show was Hunter for his 2003 custom Chopper. Judges' choice was the 2013 custom bobber built by Darren Stanz. People's Choice for the car show

was a 1950 Chevy Sedan owned by David Giovanetto; with Judges' Choice going to a 1949 Studebaker Delux W/ Trailer owned by Jeffrey Ellison. Both cars were built by the team over at Road-kill Customs.

Cliff sent along this message, "We wanted to thank the 'Devoted Dolls' for all their selfless acts and so much help, and also the girls from the 'Mafia Dolls' for all their hard work during the show. We could not have done it without their help."
