

⁸ In Remembrance ~ Carol Madden

September 4, 1956 ~ September 22, 2015

Todd and Carol Madden are a couple who have been part of the Arizona Bike Week family for many years. They have helped with ride registrations for the T-Bar Trail Ride and the Dry Heat Run for as long as those rides have been in existence, as well as coordinating Bike Games and Bike Shows at the event.

They were headed up to Thunder Valley Rally when Carol got into some gravel on a curve and went down. She was a very experienced rider who bought her first Harley when she was just 18. Tragedies such as this are even more difficult when there is no explanation. Carol had just

turned 59 and it was her first ride on the Sportster that Todd had bought her for her birthday.

Our heartfelt sympathies and prayers go out to Todd and their two sons Zach and Zane. Ride in peace Carol.
