

MainStreet Motorcycles Marks 15 Year Milestone

Congratulations to MainStreet Motorcycles, celebrating 15 years of serving AZ's motorcycling community! As a 'thank you' to his valued customers, owner John Schoenleber hosted a Customer Appreciation Party on the evening of Friday May 31st, from 5-9pm. There was a nice turnout of well-wishers, who were treated to drinkables, sandwiches, and a chance at some giveaways.

MainStreet Motorcycles is a full service shop; providing routine maintenance services, plus Harley-Davidson extended warranty work. No job is too small or large.

You will find new and quality used motorcycle parts here. MainStreet is an authorized dealer for Drag Specialties and Clear View Windshields. They do have an eBay store, so if you are too far away to visit the store, follow the link on their website. The feedback ratings from their customers are extremely good.

There are always used bikes for sale on display. You can consign your bike with MainStreet Motorcycles. There's no need to bring strangers to your home. Let John and his crew deal with the no-shows & 'interesting' craigslist characters that classified ads can bring out.

Additional merchandise available includes bike parts and accessories from all the major suppliers in the industry; plus apparel, leather goods, helmets... pretty much whatever you need. If it's not in stock, talk to John about what you need to order.

MainStreet Motorcycles hosts a Swap Meet every other month. Next one coming up is this month, the Beat the Heat Swap Meet on Saturday night July 13, from 8-11pm. It's FREE to shop. Vendor spaces are just \$10, and set-up is at 7:30pm. Clear your garage of your old parts & take-offs, pick up parts for your latest project, or stop by to see what you just can't live without.

MainStreet Motorcycles is dedicated to providing the bikers of the East Valley with quality parts and service at affordable prices. Visit MainStreet at 9750 E Apache Trail, Mesa. Hours are Tuesday-Friday 10a-6p, Saturday 10a-3pm, Closed Sunday & Monday.
