

Party in the Parking Lot at Independent Motorcycles

Independent Motorcycles, located at 6403 West Chandler Blvd in Chandler held a "Party in the Parking Lot" get together on Saturday July 30, 2016. It was a surprisingly pleasant morning for being a mid-summer day. Turnout was good. Owner Bob Beyer had tables & chairs set up in the shade of the shop's covered entry.

Bob described this gathering as a day to show unity with the clubs; in addition to highlighting the store and new products available.

Numerous clubs & organizations had support booths, including HA Mesa MC, Leathernecks MC, Lost Dutchman MC {Mesa & Queen Creek}, Modified Motorcycle Association-AZ, & Red Iron MC. Bikers Against Child Abuse {BACA} members attended as well.

Vendors included Law Tigers, Discount Biker Supply, Rockabelly Food Truck, Kona Ice Food Truck, MTX Audio, and Bikers Choice. Drag Specialties had a 'new products' display. There was a drink station with alcoholic and non-alcoholic options. Plus, there were gals ready to give your mo-

torcycle a bikini bike wash.

Zero Engineering had an information booth set up, with demo rides available. Independent Motorcycles is the only dealer in Arizona for Zero Engineering Motorcycles. An estimated 25+ riders took the bikes out for a spin. You can see some of these custom-crafted motorcycles at the Independent Motorcycles showroom.

While it was a modest-sized gathering, there was a real enjoyable 'block party' atmosphere. Music was provided by a talented fellow named Jared Blackstone.

Independent Motorcycles is a full service motorcycle shop. Bob Beyer has spent more than 25 years working at numerous Harley-Davidson dealerships, back East and here locally. When he decided to open his own shop, he wanted to offer riders what they need & want from their mechanic ~ great service & the best pricing on parts and accessories. Independent can work on almost any year, make, & model of motorcycle. Whether you are in need of general maintenance or a specialized upgrade on your mo-

torcycle, check in with Bob for a quote.

Since this party, there has been an addition to the Independent Motorcycles shop. Wookie Style Tattoos now has a booth inside the showroom. Tattoo artist Wookie, formerly of Club Tattoo, has 24+ years of tattooing experience. {www.wookiestyletattoosaz.com}

The shop has also expanded its merchandise line. Among the additions is a line of armored moto-shirts... that include Kevlar reinforcements in key areas... shoulders & elbows.
